

# NEWS IN THE GREEN

ISSUE 1-OCTOBER 3, 2016

## Bonjour

This month's issue will include:

- Interviews on our new staff.
- Our principal Mrs. Spaulding!
- Dates to remember.
- Monthly BrainTeaser!
- What's pre-k doing?

*What is full of holes but still holds water?*

Our bright, pre-k teacher, Mrs. Holmes, counts with her students from one to ten. Then determines which number is which on the board to the left. After they finish she tells them to "kiss your brain" for being so smart. Look how determined they look!

**W**elcome Wildcats!

Happy October Everyone! Autumn is finally here! Or is it? It surely doesn't feel like it. Early October and temperatures are still up to ninety degrees! You probably already know Halloween is coming. Let's put on our best costumes to make this particular Halloween a night to remember. As always, stay safe out there folks!

## SCREAM FOR HALLOWEEN!

Who's siked for this upcoming Halloween? I know I am! I wonder what you'll dress up as this time? Harley Quinn, The Joker, or go for a classic, "*The Scream*." Well whatever you crazy kids will do, make sure you have fun doing it! Just try not to get caught.
