TCES Parent Resources

This year to conserve paper and take advantage of more efficient communication tools/apps to reach our stakeholders all important forms and resources will be available online through our website and/or facebook page.

Parents, please take advantage of these resources and be sure to sign up for our Remind app to receive important messages and alerts directly on your phone. We strive to provide as many ways to connect with our parents and community and as always **printed copies are available upon request at the school office.**
